

Gingerbread Aliens

We all know what a Gingerbread Man looks like, but if you were to make a Gingerbread Alien what would it look like? Simon Bradberrie shapes the head to be more elongated and triangular. Adds sultanas for brains, green jelly eyes and an orange lolly snake all wound up in the middle for intestines! He and his brothers, David and Brian are cooking for the school fete. David is cooking loaves of bread and Brian is making green slime! But what if the mixtures get all muddled up? What could possibly go wrong? Sibling rivalry ensures a mix up of epic proportions causing Simon's brother, David to suffer with an anxious case of middle child syndrome. Can the brothers learn to co-operate in time to finish cooking for the school fete or will their wild imaginations and knack for trouble lead them to disaster? *Gingerbread Aliens* is a hilarious tale that will keep readers 4-10 not only laughing but guessing and turning the pages all the way to the unbelievable end.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
