

This is NOT a Treasure Map

Every day we see people around us succeeding in ways we wish we could. From publishing deals to sold out events to viral videos to lucrative product launches, were often left to wonder why WE arent the ones hitting it big with our creative work. Its enough to make you ask yourself.....how is it that everyone else is finding treasure when all I do is dig up empty holes?...when am I going to get lucky?...how can I get a better treasure map? If youre asking yourself those questions, join the club. The good news? You NEVER have to ask them again. In THIS IS NOT A TREASURE MAP, author/entrepreneur Bryan Allain exposes the Treasure Map mindset for the harmful farce that it is. Youll discover...+ The reason we cling to the Treasure Map Mindset despite how discouraging it is.+ Why the success of others can oftentimes derail us.+ The fatal flaws that expose the Treasure Map Mindset as untrue.+ A better mindset to view the creative work you are doing.+ What you can expect on the other side of the success youve been striving for. The book is very short (about 2000 words), but in 15 minutes youll learn a concept that can have a paradigm-shifting effect on your creative work for the rest of your life. The world needs the creative work that is inside you waiting to come out. Its time to put down the shovel and start creating amazing things.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
