

A Grammar of the Japanese Spoken Language (Classic Reprint)

This Edition has been thoroughly rewritten. It is also much enlarged, and is almost completely a new work. More exclusive attention has been paid in it to the Tokio dialect, which now bids fair to become the language of the upper classes of Japan generally. At the suggestion of a friend, a literal interlinear translation of the examples has been added. No translation, however, has ordinarily been given of the particles which occur in them. Their meaning can be found in the chapter on particles. The author takes this opportunity of acknowledging the assistance which he has derived from the writings of Mr. E. M. Satow and Mr. B. H. Chamberlain. He is also indebted for some hints to Dr. I. M. Japanese Etymology. Tokyo, November, (Typographical errors above are due to OCR software and do not occur in the book.) Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
