

Grammar Through Pictures: Practical Chinese Grammar Textbook with Pictorial Aids (Chinese Edition)

The book offers illustration and practice of Chinese grammar with pictures, the idea of which comes from the teaching practice and experience of the TCFL teachers. The main feature of this book is to present the Chinese grammar through interesting and vivid pictures, transforming the abstract into image, motivating students interest in learning, livening the class atmosphere, strengthening students memory of grammatical points and improving teaching efficiency. The book can be used as an independent textbook for Chinese grammar teaching, or a supplementary for the primary Chinese textbook.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
