

GreedyJack and the Green Eyed Monster: Jack the Green eyed Friend

Your child will learn valuable life lessons as they read about two best friends Jack and Ken who were inseparable. However, when the little green eyed monster whispers thoughts of jealousy, envy and greed into one friend's ear, he has to make a decision that could change everything. Instead of being appreciative of what they have, they want more and more and more. Kids greedy never satisfied attitude can make you spend a lot of money, but something even more dangerous can happen: greediness hurts friendships and families and if not addressed can hurt your child as well. Raising kids in a greedy world doesn't help either. There's big pressure to have everything that their friends have and to get the latest of everything, just like Jack. This book is a good start for parents to teach your child the importance of good friendships and how greed and jealousy can ruin it all.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
