

Collins Greek Phrase Book & Dictionary (Book & Cassette)

This language pack is designed to give both the holiday-maker and the business person the opportunity to hear and practise Greek before going abroad. There are over 250 essential phrases, including street-wise tips. The phrases are given twice, the first time slowly and clearly by a native speaker, so that the listener can distinguish the different words and sounds. After the pause, the phrase is repeated at normal speed. Not only does this attune the ear as to what to expect in Greece, it also gives the listener something to aim for. As confidence and fluency increase, listeners can have fun trying to say the phrase the second time along with the native speaker and get a feel for the rhythm of the language which they might not be familiar with. The introductory section gives helpful information on making phrases using the dictionary section.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, viraal reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
