

## Handbook of Old Gallatin County and Southeastern Illinois

Its the book everyone with roots in Gallatin County and southeastern Illinois needs! The new Handbook of Old Gallatin County is a compilation of mostly 19th and early 20th century sources on Gallatin Countys fascinating history. In other words youre reading the biography your ancestor wrote probably in his own words and syntax. Heres whats included: The complete version of the 1887 History of Gallatin County as published by Goodspeed Publishing Company taken from their five-county history of southeastern Illinois. Everythings included as in the original, with the only changes of additional section headings and paragraph breaks as desperately needed. Not only are the original footnotes still there, but also new ones noting any corrections or addition comments as needed. Miscellaneous Anecdotes of Early Gallatin County a collection of writings on everything from the early saltworks to a sketch of the 1891 grand jury. Military History of Gallatin County a collection of writings on the military actions of Gallatin County residents from the Revolutionary War through the Civil War with a special focus on the frontier Indian battles in southeastern Illinois during the decade that centered around the War of 1812 as well as some of the actions taking place in the county during the Civil War. Also included will be complete rosters (as best as can be determined) of Gallatin County soldiers in the Black War, Mexican, Civil and Spanish-American Wars. Gallatin County Biographies More than 250 biographies will be included here pulled from the 1876 State Atlas of Illinois, the 1883 History of White County (which included chapters on the northern two townships of Gallatin), the 1887 History of Gallatin County, the 1905 Memoirs of the Lower Ohio Valley and the 1912 History of Southern Illinois. Also included are a handful of other miscellaneous biographies from a

scattering of sources. Plus... and probably most important of all to researchers... a full name and subject listing Index in the back of book. Every name is listed, women twice many times, once under their married name and again under their maiden name (if known). In addition to the new annotated footnotes in the 1887 history portion, all the stories included in the Anecdotes and Military History are printed verbatim from the original source and are footnoted with the source. The idea has been to take all the good stories and original source material that's scattered and put it into one volume.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
