There are six books of the series Happy Chinese in total. They are classified into three levels. In each level, there are books for students and books for teachers. This book is trying to accord with the psychological characteristics and learning requirements of students aging from 11 to 16 from every aspect ranging from designing, editing to publishing. This book conforms to the national curriculum. The textbook focuses on arousing students interest and cultivating their communicative ability in Chinese under natural circumstance. Therefore, students can have a solid foundation for further learning and improvement.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, viraal reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
