

Soldier Boy (On Target)

When Drew's little brother Martin digs up a bone in the back garden, Drew isn't worried at first. He thinks it's just a dog's bone. But when Martin finds more bones, he realizes they make a hand. To begin with it feels like an adventure, but then the bones seem to move from where Drew leaves them, and someone is writing him spooky messages. It turns out there is a body of a soldier from the Civil War buried in Drew's back garden, but the hand is from someone smaller, a soldier boy who won't rest until Drew and Martin bury his bones again. On Target is original fiction by leading authors written to appeal to the reluctant reader.

Welcome to the blog of Joan le Grande. I'm changing the blog to English so forgive me the Dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
