

Historical Primer of French Phonetics and Inflection (Classic Reprint)

This little book of phonetics is intended to serve as a historical primer, introductory to my enlarged edition of Brachet's Historical French Grammar. The want of some such elementary book has long been felt by English students. The scheme of the Historical French Grammar made it impracticable to detach the phonetic section of that work and issue it separately. It was, therefore, considered advisable to supply an independent book on the subject, which, while complete in itself, should serve as an introductory primer to the larger work. It is hoped that the present handbook may meet this want. The Primer is written on the same historical principles as the Grammar and care has been taken to preserve as far as possible the same terminology, so that the student may pass from one book to the other without risk of being confused by conflicting Historical Grammar of the French Language from the French of Auguste Brachet. Rewritten and enlarged by Paget Toynbee M.A. Oxford, at the Clarendon Press. (Typographical errors above are due to OCR software and do not occur in the book.) About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology. Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings. Careful attention has been made to accurately preserve the original format of each page whilst digitally enhancing the aged text. Read books online for free at www.forgottenbooks.org

Welcome to the blog of Joan le Grande. I'm changing the blog to English so forgive me the Dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home,

20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
