

## (Old) Rappahannock County, Virginia Wills 1656-1692

Even though Rappahannock County was created from the Northern portion of Culpeper County in 1833, this book deals with the wills of OLD Rappahannock County (Richmond & Essex Counties). These wills were not conveniently copied and recorded by the clerk in a set of books known as Will Books, but were scattered through the Deed Books and Order Books. In selecting the wills it was necessary for the author to read over all the record books of Old Rappahannock, and all the early records of Essex and Richmond.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
