

The History of Orangeburg County South Carolina: From Its First Settlement to the Close of the Revolutionary War (Classic Reprint)

Excerpt from The History of Orangeburg County South Carolina: From Its First Settlement to the Close of the Revolutionary War It is a remarkable fact that very many persons are prone to study the history of every other country, while totally neglecting that of their own country: and yet the study of local history is one of the most delightful of studies. The State of South Carolina, in historic interest, stands among the very first of our States; but, nevertheless, the numerous valuable historical works on South Carolina have long since passed out of print because of the lack of interest manifested in them, and many people in this State to-day accept as history the false writings of uninformed partisan writers, and, what is worse, permit their children to be taught these falsehoods as truths. Orangeburg County is rich in historic treasures, and although a few of these treasures have been collected and given to us in several works on South Carolina, they are still out of the reach of the average reader, on account of the scarcity of these works to-day. It is my purpose to present in these pages the various extracts pertaining to Orangeburg, from several of the works referred to above, and, in addition, to give much history of Orangeburg County that has never before been published, including the record of marriages, births and deaths, kept by Rev. John Ulrick Uissendanner and his successor, Rev. John Giessendanner, from 1737 to 1761. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
