

Werewolf Skin (Igor's Lab of Fear)

Two brothers and their father plan a hunting trip deep in the woods when a bizarre legend about a werewolf rears its head. Is that dark shape lurking among the trees actually half-human and half-wolf? Professor Igor's tale of terror reveals the dark truth about a terrible family curse. This series of hi-lo books is sure to sink its teeth into reluctant readers--and refuse to let go until the final page. Each book includes discussion and writing questions, a glossary, and educational back matter.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
