

## Help From the Homeland

Help From the Homeland is a snap-shot of how one community in Americas heartland responded with hope to the tragedy of September 11, 2001. Husband and wife team Micah and Carol Rubenstein chose to respond by contributing weekly articles to their local newspaper, articles that addressed the questions and uncertainties dominating the minds of Knox County, Ohio citizens and all Americans. The series was compiled into Help From The Homeland, a book that takes the microscope off New York City and focuses on Americas Heartland, offering a unique, in-depth account of a rural Ohio communitys response to the horrific tragedy that changed our nation.

I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
