How Santa Got His Magic Sleigh
How Santa Got His Magic Sleigh is a story about the magical night that Santa's sleigh first took flight. Oh, did you think that Santa's sleigh could always fly? No, no, no. Let me tell you the story. It happened a long, long time ago, so long ago no one knows for sure, even before Rudolf the reindeer was born. Santa's list was growing longer and longer and his sleigh was growing older and older, but Santa had one wish planted deep within his heart . . . that he could have a new, faster sleigh and reach every child in the whole world with every toy on their list. Then, one day Santa received a very strange letter, one that led him on a very dangerous journey. How Santa Got his Magic Sleigh, takes you into the wonderful world of make believe. After all . . . everyone needs a little magic in their lives.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
