

How to Write Fast Books about Hot Topics in 10 Days or Less

A month from now, you could be a best-selling author. Whether this is your first book or your 50th, this could be your most exciting experience, ever. These fast books aren't like other books. If writing a book seems daunting, or if you've tried to write but the results were disappointing, try this by-the-numbers way to publish a fast, fascinating book. Forget about long hours at the keyboard, grinding out a 200-page book. A book half that size (or less) can earn you four-figures a month. Say goodbye to juggling your day job, family time, and your writing career. You can research a book in your spare time, and write it over a single weekend. Discover a fresh approach to nonfiction that meets the needs of today's busy readers. If you love research and trivia, you can write and publish these fast, popular books... and have fun doing it. In this short (24,000 word) book, author Eibhlin MacIntosh reveals the exact system she uses. She explains how to find good ideas, check the competition, and delve into research resources. Read this book and get excited about writing! A month from now, you could be a best-selling author. [Previous title: How to Write Successful, Viral, Nonfiction Books in 10 Days or Less.]

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
