Most guides to good writing are written by people who can't write. Even *The Elements of Style*, by Strunk & White (the best-selling book of its kind until now) begins on page 1 with a rule about when to use the semicolon. Does that sound like a smart opening hook? Here at long last is a priceless guide to As in the classroom and five-star book reviews on the Internet: *How to Write* digests the wisdom and expertise of more than one hundred great masters (and records the lapses of a few great buffoons). If you wish to succeed in college or in the literary marketplace, then this is a resource that you cannot do without. The best book you'll ever read may be one that you wrote yourself but not until you know *How to Write*.

I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
