

How to Write a Blockbuster (Writers Guides)

The blockbusting novel is the stuff of writers dreams. In *How to Write a Blockbuster* Sarah Harrison draws on her own experience to tell you what you can do to make that dream into a reality. In this entertaining and inspiring guide she offers advice and observations on:

- * What constitutes a blockbuster
- * Ideas
- * Planning
- * Working methods
- * Research
- * Characterization
- * Story
- * Style
- * Promotion

As well as a wealth of practical information, she covers the less-discussed, but equally important areas of attitude, approach, morale and self-motivation.

I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
