

Whats So Funny? An International Students Introduction to American Humor

Laugh while you learn about American Culture. Whats So Funny? is a unique, many-angled approach to break through the cultural and linguistic barriers to American humor. It was designed for intermediate and advanced college conversation classes, foreign business people, immigrants and visitors to the U.S.--and anyone else curious about why Americans laugh. Whats So Funny? contains over 200 American jokes, tested for funniness, with the background of insights needed to understand American stereotypes, anxieties, resentments, fears and social tensions. The jokes are in categories: school, children, college, professors, men, women, marriage, drunks, psychiatrists, patients, policemen, bosses, barbers, waiters, modern times, inflation, crime, government, politics, religion, taxes, human imperfections and stupidity. This is a clean jokebook, with no sex, bathroom, or vulgar jokes.

I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
