Ball. Ball takes readers on a fascinating journey into the world of the Have-Nots, and explores the bustling, crime-ridden London during the Georgian and Victorian eras. Discover the world of knocker-uppers (its not what you think), mudlarks, and costermongers. Learn how to scrub floors and polish knives, pick for bones, and catch rats. Learn about race and social status, and the difference between a ladys maid and a scullery maid. With her usual wit, insight, and snark, Ball gives historical, romance, and Steampunk authors the tools to create vibrant, realistic worlds. Whether youre an author, a Janeite, or just a fan of history, *Hustlers, Harlots, and Heroes* gives you a fresh look into the dark past. Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
