

SHHHH.....Now Let Me Talk the Sequel (SHHHH.....Now Let Me Talk Book 2)

The only good in pretending is the fun we get out of fooling ourselves that we fooling somebody. What is it in us that makes us feel the need to keep pretending...we gotta let ourselves be ourselves. I've never claimed to be perfect by far. But isn't that what real love amounts to- letting a person be what they really are. Most people love you for who you pretend to be. To keep their love, you keep pretending- performing. You get to love your pretense (a false display). Is it true some of us are locked in an image or act? Life can be like a movie, you can write your own ending. Keep believing, keep pretending. But if you follow only one rule, let it be this one: Be yourself. The really strong relationships are based on what people really are, not on what they pretend to be. JL

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
