

Paleo-Hebrew: The Letters (The Paleo-Hebrew Alphabet series Book 1)

The origins of the alphabet are shrouded in mystery. Travis Wayne Goodsell has made some discoveries with the Paleo-Alphabets to explain this mystery. The alphabet is explained in simple to understand step by step level processes. AUTHORS NOTE: Previous attempts with publication, particularly in the Kindle format have been unsuccessful. This version is an attempt to fix the fonts by turning them into pictures, so that Kindle primarily can process them.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
