

Pitch Dark (Wired)

David's finding it tough fitting in at his new school. All he wants to do is be the goalie on the school team like he was before. But Nick, the current school goalie, has killed off any hope of that. Walking home through the town's abandoned football stadium one night, David meets a stranger who will change his life forever. But will David's dream of finding a team to kick about with turn into a living nightmare? Highly readable, exciting books that take the struggle out of reading, the Wired and Wired Up series encourage and support reading practice by providing gripping, age-appropriate stories at a manageable length and reading level.

Welcome to the blog of Joan le Grande. I'm changing the blog to English so forgive me the Dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tag: experience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
