

That Pup

That Pup by Ellis Parker Butler Murchison, who lives next door to me, wants to get rid of a dog, and if you know of anyone who wants a dog I wish you would let Murchison know. Murchison doesn't need it. He is tired of dogs, anyway. That is just like Murchison. Way up in an enthusiasm one day and sick of it the next. Brownlee Brownlee lives on the other side of Murchison remembers when Murchison got the dog. It was the queerest thing, so Murchison says, you ever heard of. Here came the express wagon Adams Express Company's wagon and delivered the dog. The name was all right C. P. Murchison, Gallatin, Iowa and the charges were paid. The charges were \$2.80, and paid, and the dog had been shipped from New York. Think of that! Twelve hundred miles in a box, with a can of condensed milk tied to the box and Please feed written on it.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
