

The Troll Trap (Smelly Trolls Book 1)

Brilliant - Kids will laugh themselves silly - The Independent. Rufus Sebbleford is the only boy in the world to have ever seen a real troll. So, when he finds out that trolls plan to attack Sludgeside School, he must stop them with the help of his good friend Polly. Meanwhile, the Super-Troll-Knobbly-Foot family decide to turn their backs on smelly bottoms and eating children. They don't want to be bad any more. So, they paint themselves orange and try to live like humans. However, being enormous, horned and slimy makes it difficult to blend in. Will Sludgeside ever be safe from the disgusting bad trolls and their horrifying leader, The Ogre of Uggle? A stinky, squelchy adventure packed with secret dens, tree climbing, troll traps and lots and lots of revolting smells. Reading age 8-10. Ideal to read aloud to younger children. This is book 1 in the Smelly Trolls series. There are snortacular sequels called Mr Splendiferous and the Troublesome Trolls and Trolls on Ice.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
