

## The Pursuit of Self: Discovering who you are in the midst of chaos

The Pursuit of Self: Discovering Who You Are in the midst of Chaos, brings to life the coming of age story of a young, fatherless New York City girl with a drug-addicted mother who spends most of her childhood in foster care, feeling abandoned, but managing to come out of the other side. The Pursuit of Self is a story of a child thrown into chaos, struggling with identity, abandonment and the undying need for love and attention. When she finds herself at a breaking point, she considers suicide, but chooses to stand and fight through every chaotic trial that comes. This book is for every young girl who thinks her body is the currency of love, who gives it freely but realizes she is more broken than before. It is for the girl who shuts her voice down and lives the life of others and not her own. This is the girl who looks in the mirror and is not confident in the person staring back at her. Takima wants all of you to know you have something amazing to offer to the world.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
