

The Indie Writers Workshop

Your writing is not a product; its a piece of art. By choosing the indie writers path, you can take control of your art from concept to completion. The Indie Writers Workshop is your guidebook to the world of independent publication, taking you from idea, to draft, to manuscript and, finally, to a published book. Formatted as a workbook, presented as a workshop and packed with helpful reference material, this is your personal journal for artistic growth. Beginning with the concept of writing as art, this guide will help perfect plot, structure and the revision process. The journey to publication begins with the strongest fiction you can write. The Indie Writers Workshop Contains Many diverse exercises and worksheets to help cultivate your ideas and characters Information to help anyone learn to master basic grammar and revision techniques An examination of the current industry, and a realistic look at your publishing options Proven techniques that benefit writers of all skill levels using step-by-step instructions Drawing from years of experience gained from facilitating popular, in-person writing workshops, indie author and small press owner Renda Dodge brings dynamic practices to the page. Touching on all aspects of writing, she covers the importance of craft, revision and the true potential of indie authorship.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, viraal reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
