

Information Technology and Society: A Reader (Published in association with The Open University)

The social, political and technological implications of the information revolution are the focus of this textbook. It explores the major social and technological issues surrounding the introduction of information technology (IT) into everyday life; presents historical and comparative perspectives on the social and technological processes involved in the uses of, control of and access to IT; and critically examines the assumptions underpinning technological development. Divided into five sections, each with a detailed introduction, the book provides a comprehensive overview of information technology, and its implications for all of us. Contributors place the debates around IT in an international context, illustrating the imp

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
