

STANDOUT: The Groundbreaking New Strengths Assessment from the Leader of the Strengths Revolution

The next-generation strengths test from the leader of the Strengths Revolution. Millions of people have taken Gallup organizations StrengthsFinder and discovered their top five strengths. As the co-creator of that test and co-author of the book that launched the strengths revolution, New York Times best-selling author Marcus Buckingham has spent the last decade leading people and organizations into a place of strength. But something always seemed to be missing. Wherever he went, Buckingham heard two consistent gaps in the StrengthsFinder results. From professionals: I love knowing what's strong about me, but what am I supposed to do with it? From managers: I have too many people on my team to keep all their strengths straight in my head. There's too much information to use it practically in my day-to-day leadership. StandOut starts where StrengthsFinder ends. Using a massive data set and rigorous statistical testing, this next-generation strength test not only affirms what is strong about people but gives them everyone, the bosses, the executives, the people in the middle hyperpractical tools to leverage their strengths every day so they can win at work.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
