

Dictionary of the Neutral Language (Idiom Neutral) Neutral-English and English-Neutral (Classic Reprint)

Excerpt from Dictionary of the Neutral Language (Idiom Neutral) Neutral-English and English-Neutral
In publishing this Dictionary of the Neutral Language, something must be premised as to the origin of the latter, for very few are aware that there exists a well organized international society, to which the language owes its origin. After many fruitless attempts - and all by eminent scholars - had been made in the course of the last three hundred years to construct an artificial language that would serve to facilitate intercourse between persons of different nationalities, in the year 1879 Rev. J. M. Schleyer of Litzelstetten, Baden, succeeded in excogitating such a language, called Volapuk, which at the time attracted general notice, since the grammar of this language, in contradistinction to the difficult grammars of the living languages, is surprisingly simple; in a few hours the rules could be acquired and correspondence immediately entered upon with the aid of a dictionary. This simplicity caused many to learn the interesting language, and after a few years Volapuk was so widely spread that there were hundreds of Volapuk clubs, and over twenty Volapuk papers were published. Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
