

# Publish a Memoir: A Step-by-Step Guide to Saving Your Memories for Future Generations

If you have a story to tell, whether you want to capture your memories, or recall experiences from your childhood, your school days, your work, your military experiences, or others, this book will: \* take you through the four stages of publishing projects \* show you how publishing works \* help you pick a project to publish \* show you how to tell your stories in a compelling way \* lead you through the process of editing \* instruct you how to prepare your manuscript to look like it was professionally published \* and give you tips for getting the word out that you have a book available Everything you need to write and publish your memoir.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
