

## Annual Report of the Railroad Commissioner, for the Year Ending December 31, 1897: Made to the General Assembly at Its January Session, 1898 (Classic Reprint)

Excerpt from Annual Report of the Railroad Commissioner, for the Year Ending December 31, 1897: Made to the General Assembly at Its January Session, 1898 To the Honorable General Assembly of the State of Rhode Island: Gentlemen: - In accordance with the provisions of Section 6, Chapter 187, of the General Laws, I present the following report of the financial condition and operations of the several railroad corporations organized or doing business in this State, and such other statistics and matters connected therewith as I trust will be of interest to all concerned. The returns of the several corporations are made, as required by law, for the year ending on the 30th day of June, 1897. These returns will be found in full in the appendix to this report, together with tables compiled therefrom, giving the more important statistics up to that date. As in previous years the general report covers the entire year from January 1st to December 31st, 1897. The general railroad business of the United States has shown an improvement over that of the previous year, and this improvement was largely in the last half of the year. The crops of cereals in the western and north-western States were the largest ever known, and the resources of the railroads have not been sufficient to provide speedy transmission of the same to tide-water. Nearly all of the large systems have shown a substantial advance in net earnings, and some roads that had previously passed their dividends have resumed their place among the dividend paying roads. Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
