

Virginia Counties: Those Resulting from Virginia Legislation

This is the only book in existence which accurately shows the dates of formation of Virginia counties, the territory from which they were formed, their boundaries and jurisdiction, and the origin of their names--and backs up the information with documentation. While only 100 Virginia counties exist today, at least 172 were created at one time or another by Virginia legislation. Numerous counties became extinct, merged with other counties or changed their name, while others were cut off to form the states of Kentucky and West Virginia. Since genealogical records created at the time of these events are not easy to track down without accurate information, this work, a kind of Rosetta Stone to Virginia counties, unravels all the mysteries surrounding their origins and alterations.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
