

Soul Freedom: A Personal Memoir of One Woman's Journey Through Her Dark Night of the Soul

Have you ever felt like a prisoner in your own Mind, Body, or Spirit? Have you felt like there was something more in the deep recesses of your soul, but you couldn't access it? This is a personal story depicting actual events about how one woman came through the most difficult of adversities: facing her own inner demons. She embarked on a 48 day journey of forgiveness hoping that her life of bondage would finally be set free. Little did she know she would get swept in by a psychic vampire that would make her journey even more difficult. She was unaware that journaling her experience would create so much controversy. At the darkest of her hours she knew the truth of her story would set her free. However, the outside world wasn't so sure. Join Shelby in the beginning stages of her Dark Night of the Soul as she struggles to figure out the meaning of love and trust, but most importantly the meaning of pure self-discovery.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
