

## The Secret Prophecy

From the New York Times bestselling author of the Faerie Wars Chronicles, Herbie Brennan, comes this heart-pounding middle-grade adventurethink The Da Vinci Code for tweens. Reminiscent of the Percy Jackson and Artemis Fowl series, this edge-of-your-seat thriller involves an ancient curse, a murder, and a conspiracy by a secret society. When Edward Michael Em Goverton uncovers the key to a five-hundred-year-old deadly prediction by the prophet Nostradamus, personal tragedy morphs into international crisis. Soon Em finds himself enmeshed in a sinister web of shocking events where nothing is quite as it seems. But the ominous forces behind the plot are not about to sit back and let their plans be ruined, and soon their net begins to close in on Em. It's a race against the clock for Em and his friends to prevent a catastrophe that threatens the lives of an entire generation.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
