

The Agile-Minded Executive: Drive Better Results by Shifting How You Think

The Agile-Minded Executive shows that becoming a better thinker lies in the mindful internal shifts we make to synthesize what our emotions and logic our whole brain provide us. The complex challenges agile-thinking executives face in this volatile world require them to adapt their minds to the shifting landscape, develop a more nimble approach to assessing the situation, and rapidly craft solutions. This book points executives in the right direction to do so.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
