

Yukon Territory 1: 1 000 000 include: Dawson, Watson Lake and Whitehorse inset

The Yukon is one of those idyllic travel destinations that never seems to change and offers visitors a unique travel experience. It is enormously popular wide open spaces, pristine lakes, interesting small towns, excellent camping, easy access, all the mod cons discretely covered by a traditional covering. The travel season is limited to the summer months and is enormously popular. Frankly, this edition is very similar to the previous one. We've updated anything that we think needs attention, and changed the cover picture. One difference is that the American and Canadian prices are now the same, but as the two currencies have been floating within pennies of each other for the past several years, this only makes sense. The map included inset maps of Whitehorse, Dawson City, and Watson Lake. Map size: 27X39

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
