

Redesign Your Reality: A Blueprint for How to Transform Your Life from Surviving to Thriving

Embrace your unique nature Reclaim your passion Live each day with intention Break free Do you ever look at your life and wonder if this is as good as it gets? If you're feeling stuck in survival mode, you are holding the right book. Naturally, we want life to produce as little discomfort as possible. But embracing change requires stretching beyond safety zones. Rebecca McClain helps you do just that in a positive, life-affirming way. You'll inextricably be drawn into Rebecca's clear, well-organized steps toward transformation. Redesign Your Reality is a life-changing book. Presenting her blueprint for change as a four-stage process, Rebecca inspires and equips you to take charge of your life and create the future you truly desire. In walking you through each stage - from laying a firm foundation to fulfilling your dreams - Rebecca provides thought-provoking questions and reflective exercises. These tools help you manage life's transitions, explore possibilities, and unleash potential. You were not designed to live your life unfulfilled. Nor were you meant to wander through life without a passion or sense of purpose. Life can be an adventure where you awake each day to new possibilities. You were created to thrive! Start with Rebecca's guidance in Redesign Your Reality and you'll soon be feeling more energized than ever before.

Welcome to the blog of Joan le Grande. I'm changing the blog to English so forgive me the Dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tag: experience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
