

Le rouge et le noir (Annotated): The red and the black (Learn French by reading Book 26)

Le Rouge et le Noir is the Bildungsroman of Julien Sorel, the intelligent and ambitious protagonist. He comes from a poor family^[1] and fails to understand much about the ways of the world he sets out to conquer. He harbours many romantic illusions, but becomes mostly a pawn in the political machinations of the ruthless and influential people about him. The adventures of the hero satirize early 19th-century French society, especially the hypocrisy and materialism of the aristocracy and members of the Roman Catholic Church, foretelling the coming radical changes that will depose them from their leading role in French society. The first volume's epigraph is attributed to Danton: La verite, lapre verite (The truth, the harsh truth), but like most of the chapter epigraphs it is actually fictional. The first chapter of each volume repeats the title Le Rouge et le Noir and the Chronique de 1830 sub-title. The novel's title refers to the contrasting uniforms of the Army and the Church. Early in the story, Julien Sorel realistically observes that under the Bourbon restoration it is impossible for a man of his plebeian social class to distinguish himself in the army (as he might have done under Napoleon), hence only a Church career offers social advancement and glory.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
