

## The Comic Latin Grammar: A New and Facetious Introduction to the Latin Tongue (Classic Reprint)

The Author of this little work cannot allow a second edition of it to go forth to the world, unaccompanied by a few words of apology, he being desirous of imitating, in every respect, the example of distinguished writers. He begs that so much as the consciousness of being answerable for a great deal of nonsense, usually prompts a man to say, in the hope of disarming criticism, may be considered to have been said already. Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
