

## Revolution: Take Charge Strategies for Business Success

Why do so many business leaders resort to trendy programs and pithy slogans when trying to improve performance? Why do some organizations experience constant peak performance and others travel from peak-to-valley-to-peak-to-valley? How can organizations remain competitive despite the speed of change occurring in today's business climate? How can every organization experience genuine, ongoing success? In *Revolution: Take Charge Strategies for Business Success*, leading business consultant, Jim Tompkins, addresses these crucial questions, offering business leaders proven strategies to harness the energy of change and attain Peak-to-Peak Performance. Showing the correlation between Revolution and change in the business environment, every chapter begins with a Revolution principle followed by a thorough application of that principle to Organizational Revolution. With plenty of timely sidebars, dozens of real-life examples, and a call to action at the end of every chapter, this book is designed to never make it to your bookshelf—it will stay on your desk as constant direction and inspiration.

Welcome to the blog of Joan le Grande. I'm changing the blog to English so forgive me the Dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
