

Ostazi: Learn Arabic Effectively (Volume 1) (Arabic Edition)

A brilliant book to the non-Arabic speakers to teach and learn Arabic. Teachers can use it in their classes, parents can use it to teach their kids, and individual learners can use it to learn Arabic very effectively. It focuses on all the language skills and everyday real life situations. It is the masterpiece of long-term foreign language instruction. It is the long-awaited-for book for teachers in non-Arab countries who seek to teach their students effectively. It can also be used by non-Arab learners as an Arabic self study guide. Once you buy the book, you can contact the author to get a free link to the audio files for all the listening exercises in the book. It also has tests, exams, illustrations and a picture dictionary. It is even suitable for young Arab learners who carve their way through Arabic language acquisition.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
