

Living Italian

Do you want to learn Italian or brush up what you know already? Are you looking for a course with a traditional approach to language learning, based on solid grammatical foundations, translation skills and practical vocabulary? If so, this is the course for you. The material covers a variety of everyday topics in a simple, concise manner. There are plenty of examples and explanations to illustrate how the language works and to build confidence. This new, 6th edition comes with a brand new 32pp test-yourself section giving you extra practice and allowing you to monitor your progress as you go through the course, helping you keep on top of tricky grammar points and regularly testing the vocabulary you're learning. The accompanying CD will help with listening and speaking. In addition to a full pronunciation section, it contains reading passages and dialogues from the course book, followed by comprehension questions in Italian, together with model answers.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
