

## Everyday Marathi

No matter who you are or what work you do, it is inevitable that you come into contact with people of other nationalities, especially South Asians or Indians, and many of these hail from Mumbai or other places from the western Indian state of Maharashtra. Saying Bonjour correctly brings a smile to a French mans face. So will saying kasa kaai to a Marathi guy. Long live Maharashtra, or as they say in Marathi, Jai Maharashtra!

I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
