

Learn Natural English Through Storytelling: 8 Stories for Intermediate & Advanced Learners

Tired of worksheets and grammar books? Lean back and learn natural English with these authentic stories designed to improve your vocabulary and boost your reading-comprehension skills! The following collection of stories for English learners is designed to create authentic learning situations and experiences of natural English in the wild. Each story is written by a different author who uses the language slightly differently, just like in real life. All authors are native speakers or highly skilled English teachers from all over the world including the United States, Ireland, England, Tunisia, Brazil, Morocco and Mexico. Each story is presented in three parts: first, there is the story itself, followed by a section explaining difficult or unusual vocabulary, and last but not least, a section with questions designed to help improve comprehension training.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
