

## That Not Forgotten

That Not Forgotten , edited by Bruce Kauffman, is a collection of poetry and prose by authors living in the North Shore Series geographic area, Port Hope to Kingston on the north shore of Lake Ontario. The almost 400 pages in That Not Forgotten published by Hidden Brook Press, have rallied together to paint a deeply personal portrait hand-tipped with nostalgia. That Not Forgotten will easily be one of the most important Ontario anthologies for many years to come. The pulse of Lake Ontario's north shore is felt on every page. Mimicking the historic and contemporary landscape, the pendulum swings from seasoned bards to the new literary voice.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
