Excerpt from Letters of the Marquise Du Deffand to the Hon. Horace Walpole, Afterwards Earl of Orford, From the Year 1766 to the Year 1780, Vol. 1: To Which Are Added Letters of Madame Du Deffand to Voltaire, From the Year 1759 to the Year 1775 It is in such letters alone, that both the writer and the person addressed are seen (if the expression be allowable) unmade-up for the public eye, and that the characters and events mentioned in them are represented, not always as they really are, but always as they really appeared to their contemporaries; affording often a curious and useful lesson to posterity, from the very different aspect such characters and events assume, when removed from the temporary circumstances which exalted or abased them. Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
