

Live in the Present and Learn Valuable Life Lessons to Improve Any Relationship: Did You Get That Monkey Off Your Back?

The development of this couples relationship, with all of its problems, is reflected quite candidly in their experiences of living in an abusive relationship. This book speaks of the co-existence of a man and a woman who are trying to love each other and be committed for life but fail miserably. The book is divided into sections, each recounting a different stage of their eleven-year relationship. Each section is followed by life lessons, so the reader can learn from what this couple experienced. Each lesson looks at the root cause of an issue. A few examples are: being victimized, broken trust, drug abuse, true friendship, etc. These issues can exist in all intimate relationships today, so that all readers can benefit in learning from the relationship experiences.

Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
