

Global Perspective Source Readings from World Civilization: Volume II: 1600 to the Present (Global Perspectives, Since 1600)

This two-volume reader contains a treasury of readings selected from the civilizations of the world. The 30 primary source selections in each volume (15 from the East, 15 from the West) include such discourse types as fiction, drama, poetry, philosophical, religions, political, speeches, and social commentary. Each volume is arranged chronologically into three parts: each part containing ten sections (five Eastern, five Western). Five themes (love, death, the good life, war and peace, and virtue and the individual) are represented in each part, offering instructors the option of assigning readings by theme rather than chronology.

I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality. Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
