

Livy: Books II. And III (Classic Reprint)

Excerpt from Livy: Books II. And III This edition is intended mainly for the higher classes in schools. The text is Madvig (Madvig and Ussing, 1873). In the notes all that I have attempted is to explain what appeared to require explanation, to point out facts of Latin style in general, and Livian style in particular, and here and there to translate. In such translations as I have given, my aim has been to excite in the minds of school-boys some dissatisfaction with that comfortable jargon of construing English, in the use of which they are still so liberally encouraged by some editors of classical authors. I have purposely avoided loading the notes with etymologies, having found, as a matter of experience, that such scattered etymologies are of little practical use in teaching that elementary portion of philology which is all that can be attempted in schools. Welcome to the blog of Joan le Grande. I'm changing the blog to english so forgive me the dutch articles before. I already translated a few, keeping it up! Anyway, stay tuned for lifestyle articles and reviews about games or other nerdy stuff. Enjoy! Categories Comics Games Playstation 4 Wii U Lifestyle Posted by Joan le Grande in Games, Playstation 4 Leave a comment Tagsexperience, first look, Games, Playstation 4, Playstation VR review, ps4 VR review, virtual reality YES YES YES. I'm super hyped about the VR, but you obviously knew that already because of my last blogpost. There were a few hiccups because I ordered it online and I was working during the time it came. I stressed, freaked, jumped and finally gave up on the thought I got to play on the day it came out. But luck was on my side and when I got home, 20 minutes later the VR glasses arrived! In this post I will take you with me on my first experience with virtual reality.

Was it as awesome as I hoped? Or is nauseating and not really my cup of tea? Read and find out!
